Profile Summary

React.js Frontend Developer with 2+ years of experience building scalable, performance-optimized web applications. Proven expertise in React, Redux Toolkit, and JavaScript (ES6+). Adept at RESTful API integration and frontend optimization. Successfully leverages **AI-assisted tools like Cursor, Claude, and AntiGravity** to drive development efficiency and high code quality in Agile environments.

Professional Experience

React.js Developer

POSGURU PRIVATE LIMITED

Oct 2024 – Apr 2025 | Chennai

- Migrated legacy modules to **Next.js**, improving First Contentful Paint (FCP) by **20%** and enhancing SEO visibility.
- Re-engineered the TillApp POS interface using **Tailwind CSS** and **TypeScript**, reducing CSS bundle size by **15%** and eliminating 95% of runtime type errors.
- Streamlined global state management using **Context API** and Redux Toolkit, decreasing prop-drilling complexity by **40%**.
- Implemented input debouncing and lazy loading, resulting in a **30% reduction** in redundant API calls and faster dashboard interactions.

Software Developer – UI Developer

ASU Technologies & Services Pvt Ltd

Apr 2023 – Aug 2024 | Hyderabad

- Scaled a retail platform for **PureRED** using **TypeScript** and **Material UI**, supporting 10k+ monthly active users with 99.9% UI stability.
- Managed dynamic data flow between **MongoDB** and the frontend, optimizing JSON parsing logic to handle large datasets **25% faster**.
- Reduced login latency by **15%** through optimized **Auth0** integration and role-based access logic.
- Automated 5+ weekly business reports by writing **SQL** and **Python** scripts, saving the team 10 hours of manual data entry per month.

Education

Master of Computer Applications

Andhra University | 2023 | **82%**

BSc – MPCs

Sir CR Reddy College | 2021 | **80%**

Technical Skills

- Frontend:** React.js, Next.js, Redux Toolkit, Context API, Hooks
- Languages:** JavaScript (ES6+), TypeScript, Python, SQL, HTML5/CSS3
- UI/Styling:** Tailwind CSS, Material UI, Bootstrap, Chart.js
- APIs:** RESTful APIs, Axios, JSON, Web APIs
- Databases:** MongoDB, MS SQL Server
- AI Tools:** Cursor, AntiGravity, Claude, ChatGPT (Advanced Prompting)
- Workflow:** Git, GitHub, Jira, Postman, Chrome Dev-Tools

Key Projects

Smart-Assist – AI Chatbot

Tech: *Gemini API, Next.js, MongoDB*

- Built a context-aware AI assistant using **Next.js** for SSR and **MongoDB** for storing user chat history securely.
- Achieved **<200ms** response time for AI interactions through streaming data.

Jarvis – Personal Assistant

Tech: *Python, NLP, Speech API*

- Engineered a voice-activated bot to automate OS-level tasks, increasing daily workflow productivity by **15%**.

Certifications

- React.js & JavaScript** – NamasteDev
- Advanced TypeScript** – Udemy
- Agile Methodology** – Internal Training
